

Putting the “care” back into healthcare

I believe that good listening skills on the part of the physician is lacking in most medical practices. Spending time listening to patients and getting to know them allows me to choose the best care path for their individual needs.

David B. Basch, MD, FAAOS
Board-Certified Spine Surgeon

Education: *Rutgers University (1985), University of Medicine and Dentistry of NJ (1989).*

Residency: *Maimonides Medical Center, Brooklyn, NY.*

Fellowship: *Spinal Surgery-University of Colorado Health Science Center, University of Colorado Medical School.*
